by the D.C for assessment of Stamp duty are as follows:

Mysore 649194
Champion 531985
Oorgam 287067

This was in accordance with the figures we furnished to the D.C with our letter of 27 April 1935 which were in turn based on those in the schedule for the year 1934 furnished by Messrs Scott Brownrigg.

The Solicitors want in their letter of 30 Sept the figures adopted for royalty & supplemental royalty separately in respect of each block. The D.C's order of 20th may furnish in the appendix attached to it both the royalty & rent & cesses for each block and the Solicitors say that the D.C has given them the rent & cesses separately for each block. It is therefore a mere matter of arithmetic for them to calculate the figures adopted for royalty and it is not clear what further information is required by them on this point. Perhaps this may be talked over with Mr: Small when he goes there tomorrow in connection with

Sir,

Renewal of Kolar Gold Field Leases.

You are no doubt aware that the Dy. Commissioner, Bangalor District, passed an Crder dated the 14/20th May 1935 as to the stamp duty payable on the Deeds of Variation and fresh Leases and for your ready reference we enclose herewith a copy of such order.

Our clients in England wished to have precise details as to how the figures contained in the column headed "Basic royalt supplemental royalty, ground rent and cesses (based on figures for 1934)* in the statement annexed to his order have been arrived at and we addressed the Dy. Commissioner for these figures. On the 15th June last he sent us a statement showing the amount of ground rent and cesses in respect of each block but on asking for the figures relating to royalty and supplemental royalty he informs us that his decision has been given in his order referred to above and if our clients desire to have any more information we may correspond with Government.

We have therefore the honor to request that you will be

good enough to furnish us with the figures adopted for royalty and supplemental royalty separately in respect of each block.

We have the honor to be,

Sir,

Your obedient servants,

Stamp Duty Refr. No. 89
34-35

Office of the Deputy Commissioner,
Bangalore District.
Dated, Bangalore the 14th/20th May 1935

Reference:-

Application dated 27-3-1935 from Messrs. Moresby & Thomas Solicitors, Madras, regarding the adjudication of stamp duty under Sec.31 of the Mysore Stamp Regulation, of the Mysore Stamp duty payable on agreements to lease and deeds of variation, and on leases executed by the marginally noted Gold Mining Companies Kolar Gold Fields.

ORDER

The documents in respect of which adjudication of stamp duty is asked for comprise 20 agreements to lease and deeds of variation, and 25 leases executed by the marginally noted four Gold Mining Companies. Each of them carries on mining operations over a number of blocks. An agreement to lease and deed of variation, and a lease nave been executed in respect of each block and one of the agreements to lease and deed of variation relating to East Byatarayaswami block also purports, in addition to varying the original lease, to extend the period of the current lease from 4- 9- 1939 to 21- 3- 1940.

Mysore Gold Mining Company, Ltd.
Champion Reef Gold Mines of India, Ltd.
Oogaum Gold Mining Co., Ltd.
Nandidrug Mines, Ltd.

All the agreements to lease and deeds of variation will be stamped under Art.4(c) and 28(5) of Schedule 1(A) of the Stamp Regulation and the stamp duty payable on the leases themselves will be fixed at 12 annas under proviso to Art.28 of Schedule 1(A) of the Regulation. The agreement relating to the East Byatarayaswami block will bear an additional advalorem stamp duty calculated in accordance with Art.28(a) (1) of the Schedule.

As regards the valuation of the document for purposes of stamp duty, it has to be determined by me having regard to all the circumstances of the case on the basis of the amount likely to be payable by the companies to the Government under the lea...

The payments consist of ground rent, cesses, basic royalty on the net proceeds on ores etc and supplemental royalty on dividends or adjusted profits. In regard to the latter two items, the figures furnished by the Companies for 1934 will be accepted. As information is not available as regards the royalty and supplemental royalty paid to Government in respect of each block separately, it is not possible to allocate to each block the exact amount of royalty recoverable on it. The entire amount of royalty payable by each of the Companies will therefore be distributed among the several blocks in proportion to the size of the blocks and this amount is, for purposes of stamp duty, taken as representing the royalty derivable from the block.

On the above basis the stamp duties payable in respect of the agreements to lease and deed of variation and the leases are calculated and are shown in the appendix to this order. The total amount payable is Rs.115635-8-0 (one lakh fifteen thousand and six hundred and thirty five rupees eight annas only).

Sir,

With reference to your letter No.D.2484/Geol. 60-34-48 dated 14th October 1935 forwarding in orignal letter dated 30th September 1935 and its enclosures received from Messrs. Moresby and Thomas of Madras regarding the renewal of Kolar Gold Field Mining Leases and requesting to be furnished with certain information connected therewith, I have the honour to state as follows:-

Messrs. Moresby & Thomas request to be furnished with figures adopted for royalty and supplemental royalty separately in respect of each block. This information can be furnished separately in respect of each gold mining Company and not in respect of each block, as there are 20 separate blocks, the leases for which have been executed by the marginally noted four gold mining Companies.

The basis for the valuation of the documents for purposes of stamp duty have been clearly set forth in para 3 of the order passed by the Deputy Commissioner Bangalore District dated 14th/20th May 1935. It is stated in this order that the figures furnished by the Companies for the year 1934 regarding the royalty on net proceeds on ores etc. and supplemental royalty on dividends or adjusted profits, will be accepted.

At

At the time when these documents were ready for registration the actual figures for 1934 under the above heads were not available but they were estimated and the same furnished to the Chief Secretary to Government with my letter No.2032 dated 20th March 1935. The figures now adopted by the Deputy Commissioner, Bangalore District differ slightly from those furnished by me. It is more than likel that they were further scrutinised and revised in the Financial Secretariat at the time.

The actual revenue derived in 1934 under Basic Royalty, Supplemental Royalty, Ground Rent and Cesses is now available and amounts to Rs. 30,68,882-15-0 for all the 4 gold Mines as against Rs. 30,53,550 adopted by the Deputy Commissioner in his order referred to above. A comparative statement showing the actual realisations and estimated figures furnished by me and those adopted by the Deputy Commissioner is herein enclosed for reference. The allocation of revenues assigned to each mining block in the annexure to the order of the Deputy Commissioner is hypothetical and not actual. In arriving at the revenue figures in the above statements full rate of supplemental royalty has been taken instead of 2/3rds of the full rate leviable for the period 1934 to 1940.

The enclosures to your letter under reply viz: the original letter of Messrs. Moresby & Thomas of Madras dated 30-9-35 and copy of order passed by the Deputy Commissioner, Bangalore dated 14/20t May 1935 with copy of annexure are herewith returned as requested.

Gentlemen,

RENEWAL OF KOLAR GOLD FIELD LEASES.

With reference to your letter of 30th September 1935 in the above matter, I am directed to state that the figures adopted for basic and supplemental royalty for purposes of assessment of stamp duty are as shown below:-

	Rupees in Lakhs		
	Basic Royalty	Supplemental Royalty.	Total
Mysore Company ..	4.20	2.29	6.49
Champion ..	3.04	2.28	5.32
Oorgaum ..	2.30	0.57	2.87
Nandidrug ..	5.13	10.56	15.69

I am to inform you that these figures are based on the actuals for 1934, the supplemental royalty being however calculated at one and half times the actual royalty on dividends paid during 1934 since the latter as you are aware is only two thirds of that which would be payable after 1940 under the renewed lease. As regards the apportionment of the royalty between the several blocks, the Deputy Commissioner's order itself explains how this has been done.

I have the honour to be,
Gentlemen,
Your most obedient servant,

Sd. M.Venkatanaranappa
Secretary to Government,
Development Department.
